Introduction:

This is an addendum to the RxLabelScanner Users Guide Version 2014B v2.0. This guide is not an all-inclusive RxLabelScanner users guide nor should it be used for any other purpose than for information about the Insurance version of the RxLabelScanner software.

If you are looking for information on the RxLabelScanner software that does not directly pertain to the Insurance version, please see the RxLabelScanner Users Guide Version 2014B v2.0.

*****Please Note*****

This is not an all-inclusive users guide. For information regarding the RxLabelScanner software that does not directly pertain to the Insurance version, please see the RxLabelScanner Users Guide Version 2014B v2.0.

How to Use the RxLabelScanner

Sort all bottles and medications as follows:

- Medical ID Cards
- Bottle Prescriptions: Sort by Patient grouped by Pharmacies
- Prescriptions on boxes that do not fit in the scanner: Sort by Patient
- Non-Prescription bottles by size: Sort by Patient

Patient Details: Filling out the Patient Details window

Fill out the 'Patient Details' window with the First and Last name as written on the prescription label, and fill out the Unique identifier field (typically the last 4 digits of Social Security Number). To enable the use of the Insurance version, hold Control on your keyboard and double click the area under the unique identifier field. The 'Show Insurance Plans' checkbox will be displayed.

Save and Continue

Check the 'Show Insurance Plans' checkbox to run the Insurance version, if you leave it un-checked, the Standard version will be launched. Click 'Save and Continue' to proceed.

To begin a scan cycle click on one of the corresponding Scan Mode buttons.

*****Please Note*****

This is not an all-inclusive users guide. For information regarding the RxLabelScanner software that does not directly pertain to the Insurance version, please see the RxLabelScanner Users Guide Version 2014B v2.0.

Patient Approved Images

If you checked the 'Show Insurance Plans' checkbox in the Patient Details window, when you 'Save and Accept' an image, just like with the Standard version, the software switches to the Patient Approved Images tab. In the Insurance version however, you have the ability to 'Get Cost' for any of your prescriptions.

First Name	Last Name	Qty	Dosage	Dosage Form	Drug Suffix	Pharmacy Name	Notes
#1 John	Doe	5	750 MG	LIQUID		FAMILY PHARMACY	Get Cost
#2 John	Doe	54	1 MG	TABLET		FAMILY PHARMACY	Get Cost
#3 John	Doe	R 30	800 MG	TABLET		FAMILY PHARMACY	Get Cost
#4 John	Doe	YCLATE 60	100 MG	TABLET		FAMILY PHARMACY	Get Cost
#5 John	Doe	40	10 MG	TABLET		FAMILY PHARMACY	Get Cost

Selecting an Insurance Plan

Once you have finished reviewing the Patient Approved Images, switch to the Plan Choice tab to view and select insurance plans. Select 'Refresh Plans' to view an updated list of all insurance plans you can choose from, custom tailored to the patient's prescription medication needs.

Within the Plan Choice tab, we can change the number of months to calculate a plan for, sort the plans by Highest and Lowest tiers, compare the costs, and view further details about the drugs and their coverage.

Use the radial options to sort by Lowest and Highest tiers, and to compare costs. Change the number of months to calculate plans for with the up and down arrows, and view details about a plan by clicking the mini-arrow next to the checkbox of that plan.

Please Note

This is not an all-inclusive users guide. For information regarding the RxLabelScanner software that does not directly pertain to the Insurance version, please see the RxLabelScanner Users Guide Version 2014B v2.0.

Processing Insurance Plans

Once you have looked through the different plan choices and have decided which plan(s) you would like to use, simply check the checkbox next to the plan(s) desired. With the plan(s) 'checked', you are ready to upload the Insurance plans and prescription labels.

The screenshot shows the 'Plan Choice' window in the RxLabelScanner software. At the top, it displays 'Annual costs are estimates based on AWP and current drugs entered.' Below this, there are controls for 'Refresh Plans', 'Months To Calc' (set to 9), and 'Plans To Show' (set to 20). A 'Save/Process' button is highlighted with a red circle. The main area contains a table of insurance plans with columns for 'Select', 'Plan Name', 'Drugs In Plan', 'Premium', 'Deductible', 'Annual Cost', 'Initial Coverage', 'Coverage Gap', and 'Catastrophal Coverage'. The first row, 'Blue Cross Plus*', has its checkbox selected. To the right of the table is a sidebar with the 'ACME Home Health' logo and various scanning options like 'Scan Med Card', 'Scan Front Back', 'Spin Scan', 'Scan by Hand', and 'Scan External Camera'.

Select	Plan Name	Drugs In Plan	Premium	Deductible	Annual Cost	Initial Coverage	Coverage Gap	Catastrophal Coverage
<input checked="" type="checkbox"/>	Blue Cross Plus*	4/1	\$103.00	\$0	\$1,025.54	\$98.54	\$0.00	\$0.00
